

## The Latest Update from the White House

The Trump Administration continues efforts to quickly identify therapeutics that demonstrate promise to treat COVID-19. Today, the National Institute of Allergy and Infectious Diseases (NIAID), part of the National Institutes of Health, [launched](#) a study to determine whether certain approved therapies or investigational drugs in late-stage clinical development show promise against COVID-19 and merit advancement into larger clinical trials. The ACTIV-5 Big Effect Trial, which will enroll adult volunteers hospitalized with COVID-19 in as many as 40 U.S sites, is being conducted in collaboration with the NIH's public-private partnership [Accelerating COVID-19 Therapeutic Innovations and Vaccines \(ACTIV\) program](#).

Additionally, SBA & Treasury have recently released additional guidance regarding the Paycheck Protection Program:

- [Forgiveness Frequently Asked Questions](#) – General Loan Forgiveness FAQ # 4 (page 2) has been added (Released 10/13/20)
  - Question: The PPP loan forgiveness application forms (3508, 3508EZ, and 3508S) display an expiration date of 10/31/2020 in the upper-right corner. Is October 31, 2020 the deadline for borrowers to apply for forgiveness?
    - Answer: No. Borrowers may submit a loan forgiveness application any time before the maturity date of the loan, which is either two or five years from loan origination. However, if a borrower does not apply for loan forgiveness within 10 months after the last day of the borrower's loan forgiveness covered period, loan payments are no longer deferred and the borrower must begin making payments on the loan. For example, a borrower whose covered period ends on October 30, 2020 has until August 30, 2021 to apply for forgiveness before loan repayment begins. The expiration date in the upper-right corner of the posted PPP loan forgiveness application forms is displayed for purposes of SBA's compliance with the Paperwork Reduction Act, and reflects the temporary expiration date for approved use of the forms. This date will be extended, and when approved, the same forms with the new expiration date will be posted.

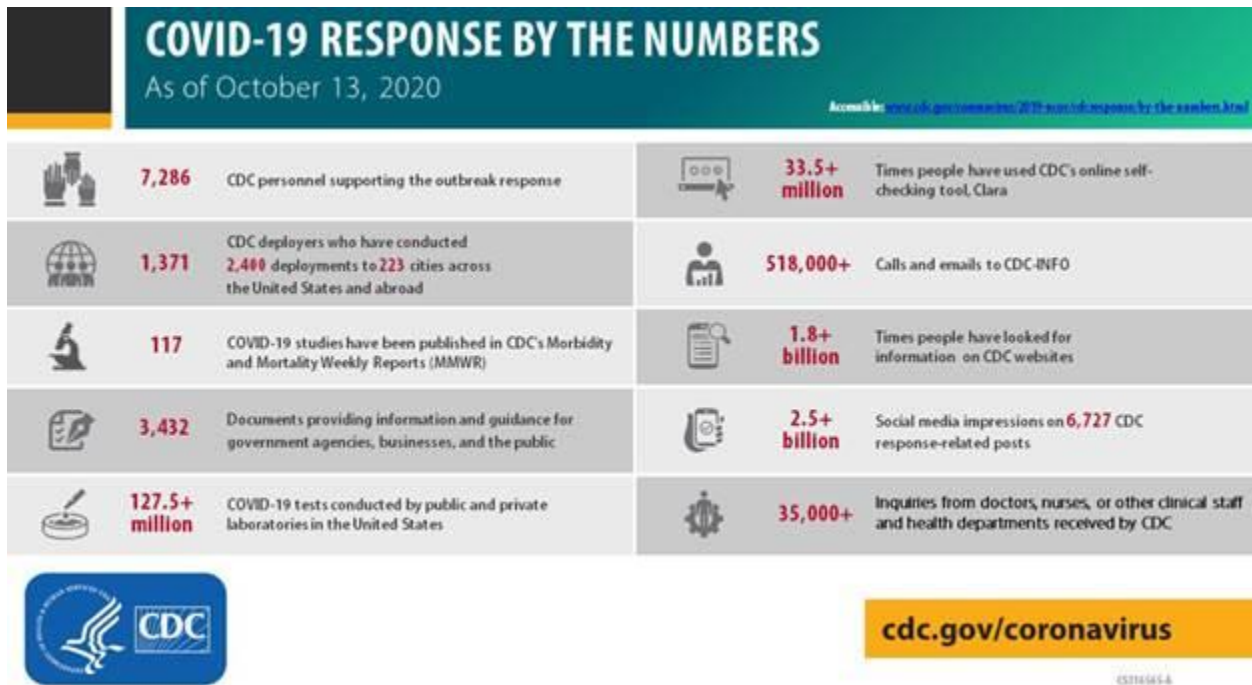

Following an [Executive Order](#) by President Trump, the Centers for Disease Control and Prevention (CDC) issued an [Order](#) to temporarily halt evictions through the end of 2020 in an effort to slow the spread of COVID-19. The Centers for Disease Control and Prevention (CDC), U.S. Department of Health and Human Services (HHS), U.S. Department of Housing and Urban Development (HUD), and U.S. Department of Justice (DOJ) recently released additional guidance regarding the eviction moratorium Order:

- The National Institute of Allergy and Infectious Diseases (NIAID), part of the National Institutes of Health, today launched a study designed to determine whether certain approved therapies or investigational drugs in late-stage clinical development show promise against COVID-19 and merit advancement into larger clinical trials.

**COVID-19 Vaccine Appears Well-Tolerated and Effective in Developing Antibodies in Small Study of Older Adults (HERE)**

- “It’s been truly breathtaking to watch the progress being made on a daily basis to develop safe and effective vaccines for SARS-CoV-2, the novel coronavirus that causes COVID-19. Indeed, months sooner than has ever been possible for a newly emerging infection, several promising vaccines are already working their way through Phase 3 studies, the final stage of clinical evaluation. I remain optimistic that we will have one or more vaccines that prove to be safe and effective by January 2021.”

### **Wash Your Hands to Stay Healthy During COVID-19 (HERE)**

- Handwashing is one of the most effective ways to slow the spread of infectious diseases like [#COVID19](#) and the flu. CDC's Dr. Schuchat discusses the importance of keeping hands clean to stay healthy and key times to wash during the pandemic.

### **Enforcement Policy for Modifications to FDA Cleared Molecular Influenza and RSV Tests During the Coronavirus Disease 2019 (COVID-19) Public Health Emergency (HERE)**

- Many molecular influenza (flu) viruses and respiratory syncytial viruses (RSV) tests require the same critical components as many SARS-CoV-2 molecular assays. The policy outlined in this guidance aims to help expand access to certain FDA-cleared molecular tests intended for detection and identification of flu viruses, including molecular influenza tests that also detect and identify RSV.

**Coronavirus Food Assistance Program 2:** President Trump and U.S. Secretary of Agriculture Sonny Perdue announced on September 17 that USDA will implement an expansion of the Coronavirus Food Assistance Program. Coronavirus Food Assistance Program 2, CFAP 2, will provide producers with financial assistance that gives them the ability to absorb some of the increased marketing costs associated with the COVID-19 pandemic.

- CFAP 2 follows the first round of CFAP, which had an application period of May 26 through September 11. You can learn more about USDA’s initial Coronavirus Food Assistance Program by visiting [farmers.gov/cfap1](https://farmers.gov/cfap1).
- Producers can apply for assistance beginning Sept. 21, 2020. Applications will be accepted through Dec. 11, 2020.
- Additional information and application forms can be found at [farmers.gov/cfap](https://farmers.gov/cfap). Documentation to support the producer’s application and certification may be requested. All other eligibility forms, such as those related to adjusted gross income and payment information, can be downloaded from [farmers.gov/cfap/apply](https://farmers.gov/cfap/apply).
- For existing FSA customers, including those who participated in CFAP 1, many documents are likely already on file. Producers should check with FSA county office to see if any of the forms need to be updated.
- In addition to CFAP 2, USDA has other programs and services available to farmers impacted by the coronavirus pandemic. Learn more at [farmers.gov/coronavirus](https://farmers.gov/coronavirus).

### Assistance for Small Businesses

**Paycheck Protection Program (PPP):** The Paycheck Protection Program established by the CARES Act, is implemented by the [Small Business Administration](https://www.sba.gov) with support from the [Department of the Treasury](https://www.treasury.gov). The Paycheck Protection Program is providing small businesses with the resources they need to maintain their payroll, hire back employees who may have been laid off, and cover applicable overhead. On June 6, 2020, President Trump signed legislation providing more flexibility and relief for small businesses, including extending the covered period for loan forgiveness from 8 weeks after the date of loan disbursement to 24 weeks and lowering the requirements that 75% of a borrower’s loan proceeds must be used for payroll costs to 60%. ### **How to Help**

### **Donate COVID-19 Plasma**

- If you have fully recovered from COVID-19, you may be able to help patients currently fighting the infection by donating your plasma. Because you fought the infection, your plasma now contains COVID-19 antibodies. These antibodies provided one way for your immune system to fight the virus when you were sick, so your plasma may be able to be used to help others fight off the disease. Learn more [here](#).

- To find where you can donate source plasma, visit [donatingplasma.org](https://donatingplasma.org).

### **Donate Blood**

- The COVID-19 pandemic has caused unprecedented challenges to the U.S. blood supply. Donor centers have experienced a dramatic reduction in donations due to the implementation of social distancing and the cancellation of blood drives. Blood is needed every day to provide lifesaving treatments to a variety of patients. You can help ensure that blood continues to be available for patients by finding a blood donor center near you to schedule your donation. Learn more [here](#).
- To find where you can donate blood, visit [aabb.org](https://aabb.org).

### **Donate Supplies and Equipment**

- If you represent a business that **would like to donate medical supplies, equipment** or pharmaceuticals, please [provide details](#) on what you would like to give. This form is for donations only.

### **Sell Supplies and Equipment**

- If you are interested in doing business with FEMA with your company's **non-medical goods and/or services**, submit your inquiry to the Department of Homeland Security (DHS) Procurement Action Innovative Response Team (PAIR) team at [DHSIndustryLiaison@hq.dhs.gov](mailto:DHSIndustryLiaison@hq.dhs.gov).
- The federal government is purchasing medical supplies or equipment under the Defense Logistics Agency (DLA) [Request for information \(RFI\)](#). Visit the DLA website [for more information](#).

### **Developing Medical Countermeasures**

- If you would like to meet with a federal agency regarding a **vaccine, diagnostic, therapeutic or other medical device** that you are developing for SARS-CoV-2 or COVID-19, please go to [medicalcountermeasures.gov](https://medicalcountermeasures.gov).

### **Other Forms of Help**

- If you or someone you know represent a hospital or healthcare provider in need of medical supplies, please contact your state, local, tribal or territory department of public health and/or emergency management agency.
- If you represent a private sector business and wish to learn more about getting involved in a way that is not listed here, please e-mail [nbeoc@max.gov](mailto:nbeoc@max.gov) or visit our [National Business Emergency Operations Center](#) page.

## **Operation Warp Speed**

PRESIDENT TRUMP IS  
**partnering with  
public and private  
sectors to quickly  
deliver a safe and  
effective vaccine**

- The President is using all available means to ensure safe vaccines, therapeutics, and diagnostics are developed, manufactured, and distributed in unprecedented time and scale in response to COVID-19.
- Earlier this year, President Trump launched [Operation Warp Speed](#), a groundbreaking partnership between the Federal Government, scientific community, and private sector to develop and deliver vaccines in record time.
  - Operation Warp Speed’s goal is to produce and deliver 300 million doses of safe and effective vaccines with the initial doses available by January 2021.
- The Administration has made large investments in multiple vaccine candidates to provide financial infrastructure for mass manufacturing, in parallel with late-stage clinical trials.
- Operation Warp Speed has invested in more than five vaccines and teamed up with multiple pharmaceutical companies to safely produce as many effective vaccines as possible.
- A number of vaccine candidates have shown promising early clinical results and are either in or starting Phase 3 clinical trials.
- Clinical resources on vaccines, including continuing education training on best practices can be found [here](#).
