Reza Mollaaghababa, Ph.D. focuses on all aspects of intellectual property law, including preparation and prosecution of patent and trademark applications and preparation of patentability, infringement, validity, and clearance opinions. He has prepared and prosecuted patent applications in diverse fields of technology, such as photonics/optics, nanotechnology, medical devices, semiconductor processing, lithography, telecommunications, magnetic resonance, and computer hardware and software.

Dr. Mollaaghababa works with well-established companies, emerging companies, and academic institutions to identify and protect their intellectual property. He provides clients with strategic counseling, including licensing as well as formation and management of intellectual property portfolios.

Dr. Mollaaghababa also represents clients in post-grant proceedings before the U.S. Patent Office. He has handled more than 40 *inter partes* review (IPR) proceedings.

Recognitions

The bar rules of some states require that the standards for an attorney's inclusion in certain public accolades or recognitions be provided. When such accolades or recognitions are listed, a hyperlink is provided that leads to a description of the respective selection methodology.
