Stark and Anti-Kickback Proposed Rules: Where Are We Headed Now?

[Register](#)

Members of Nelson Mullins' healthcare team hosted a 90-minute webinar to discuss the Department of Health and Human Services' and Centers for Medicare & Medicaid Services' new [Stark](#) and [Anti-Kickback](#) proposed rules, both of which would affect the way stakeholders in the healthcare industry can make referrals.

During this interactive online presentation, Nelson Mullins healthcare and compliance attorneys reviewed current regulations, discussed political factors that might affect future changes, summarized key areas of the proposed rules, and explored their potential consequences. Speakers were partners Trish Markus, Lester Perling, Ed White, Toni Peck, and Mike Segal, who hosted a Q&A session at the end of the presentation.
