

## Healthcare Insolvency

# Assisting clients through the challenges of healthcare insolvency

### When insolvency arises in the healthcare field and you need help

- planning and executing strategies for an insolvent healthcare provider or supplier to provide a “fresh start” in an out-of-court or judicial proceeding including a chapter 11 reorganization case
- navigating the administrative appeals process in connection with recoupment of Medicare overpayments
- addressing and litigating over provider contracts with the payers, including Medicare, Medicaid, and private insurers
- representing bankruptcy trustees and assignees of healthcare estates as well as parties opposing them in connection with sales of healthcare-related assets including receivables, physical assets, and causes of action
- dealing with the appointment of a patient care ombudsman (PCO) as well as maintaining and disposing patient records

our experienced team can work with you from beginning to end.

### Deep experience and collaborative approach

Our lawyers bring experienced attorneys from diverse practice areas and business experience to best serve our clients, including

- Former Vice-President of Operations of the largest clinical diagnostic laboratory in the country
- Founder of a comprehensive home healthcare agency specializing in high-tech IV therapy
- General counsel and insolvency counsel retained following entry of \$237 million Stark law and False Claims Act judgment against a hospital
- Founder of first Physician Practice Management company operating in the southeast US

- Patient Care Ombudsman (PCO) appointed by the UST's office in the Middle District of Florida to over a large skilled nursing facility debtor with a specialty in ventilator dependent patients with Florida's Agency for Healthcare Administration

---

**Our clients range from local healthcare businesses to multi-state healthcare corporations to bankruptcy trustees.**

We have experience representing large and small healthcare providers and suppliers, lenders, creditors' committees, and bankruptcy trustees, including

- Small to mid-size community as well as rural critical access hospitals
- Cancer treatment centers
- Skilled nursing facilities
- Home healthcare providers
- Physician practices
- Drug rehabilitation and behavioral modification clinic
- National bank and nationwide healthcare lenders
- Bankruptcy trustees operating or liquidating healthcare facilities
- Large not-for-profit regional healthcare systems
- Clinical diagnostic laboratories
- National for profit operators of over 100 healthcare facilities including hospitals and free-standing surgery centers

---

**Our team's experience helps you navigate regulatory requirements, avoid problems in advance, and solve problems when they do arise.**

Extremely important to the healthcare insolvency arena is an in-depth knowledge of various aspects of healthcare including

- Licensing
- CON requirements
- Change of ownership (CHOW) applications
- State Medicaid agencies
- Compliance and risks assessment
- Corporate integrity agreements
- Provider agreements
- Overpayment liability/recoupment

Nelson Mullins has both the healthcare and insolvency experience needed to get your business in regulatory compliance and solve these complex and intertwined issues.

---

**Nelson Mullins' healthcare and insolvency experience works for you.**

The causes of healthcare provider financial distress stem from many factors, including (a) subpar revenue cycle management; (b) unprofitable supply chain and physician contracts; (c) overpayments/recoupment and offsets due to fraud; (d) lack of compliance; (e) billing and coding errors; (f) mismanagement; and (g) lack of delivery models to meet community healthcare needs.

Nelson Mullins lawyers can help solve provider healthcare insolvency problems by:

- **Improving relationships** with equity and/or lenders
- **Assisting management** in creating a long term strategic plan both in bankruptcy and out of court restructuring
- **Improving operations** through compliance review, cash conservation, risk management and renegotiating service and supply contracts
- **Bringing in fresh capital sources**
- **Working with CMS and state regulatory agencies**
- **Shepherding asset sales** through the Change of Ownership (CHOW) application
- **Complying with and facilitating corporate integrity agreements**
- **Formulating a plan of reorganization** in chapter 11
- **Arranging sales** of both a not for profit and for profit healthcare business

## Why Nelson Mullins?

- Total synergy between the insolvency and healthcare practitioners
- Up-to-date analysis of healthcare trends in reimbursement and quality of care regulations
- Extensive experience in M&A in the healthcare industry
- Far-reaching experience in bankruptcy courts throughout most of the US
- Knowledgeable in working with Medicare Administrative Contractors (MACs)
- Strong working relationships with national healthcare consultants for hospitals, skilled nursing facilities, long term acute care facilities, physician group practices, clinical and pathology diagnostic laboratories, durable medical equipment, and biopharmaceutical companies
- Well versed in both DIP financing and Exit Financing
- Thorough understanding of all aspects of False Claim Act and Anti-Kickback statutes.
