

Health Insurance

A healthy understanding of the insurance industry

Nelson Mullins' attorneys are well versed in the constantly changing health insurance industry and how to adapt to the evolving challenges you face. We can help guide your institution whether you are

- a health insurance carrier facing litigation ranging from corporate antitrust to data breach to Medicare and Medicaid reimbursement
- a health care company dealing with matters related to competitive bidding legislation, open bid contracts and bid award disputes
- an insurer responding to inquiries or investigations from government agencies and regulatory bodies

Representing health insurance carriers, including regional, national, publicly traded and mutual companies

- Nelson Mullins offers legal counsel and litigation services to health insurance carriers ranging from regional companies to some of the nation's largest carriers
- Our work spans the breadth of this constantly changing, highly regulated industry, including ERISA matters, Medicare and Medicaid reimbursement, class action lawsuits, antitrust matters and more
- Interdisciplinary team is skilled in complex litigation and flexible enough to respond to fast-moving issues that involve multiple legal disciplines

Addressing the legal needs of our clients

- Antitrust litigation
- Competitive bidding legislation, bidding contracts and bid award disputes
- Class action defense
- Cybersecurity and data breaches
- Collateral reinsurance trust agreements
- Civil investigative demands by government agencies
